Subject: Cabot Susquehanna PA Wells

Jim and Joan,

We identified three Cabot "Plonski" wells and one Cabot "Bunnel" well (these are farm/lease names) in Susquehanna County, PA that were drilled in 2012 based on the Jan-Jun 2012 PA DEP Waste Report. Attached is a powerpoint containing a handful of maps and lat/long data, showing the wells:

Plonski Well #1 (41.740167, -75.8379)
Plonski Well #3 (41.74025, -75.8379)
Plonski Well #7 (41.740411, -75.8378)
Bunnel Well #5 (41.780744, -75.8472)

Please let us know if there is any other info or maps you would like regarding these wells.

Thanks,
Casey
